Subject: CAPR 60-3 Waiver Request

Importance: High

Colonel Atwell,

Per our telephone conversation I am requesting a one-time waiver to the new CAPR 60-3 that mandates a 30 day advanced notice to the GLLR for AF funded missions. Although the regs have been on the internet, I as a board member and wing commander, have yet to see a hard copy of either the draft or final regulation. Nor, has there been distribution to the field units. Our personnel were not aware that the 30 day notice was now a regulatory requirement.

This waiver is for our proposed training mission scheduled for 21 July 2001.

Thank you for your help in this matter.

Best regards,

Colonel Joe King, Jr., CAP
IL Wing Commander
